Subject: Willamette needs cleanup that's good for business

The living-wage jobs in our harbor are critical to our economy. Please keep that in mind.

The Willamette River is the lifeblood for Oregonians but it is also the home to many, many businesses and jobs on our working waterfront. The shipyards and docks have really defined who we are as a city, Port-Land.

This is important to me and our community. Please do the right thing and support our economy.

Sincerely,
